

# GREAT FUTURES START HERE.

Our 7 Clubs provide safety, academic support, caring mentors, warm meals and healthy activities during out-of-school time to more than **5,000 Wake County kids**. With your help, kids receive more than a wholesome escape from the streets. They benefit from healthy adult relationships that build their self-esteem and teach skills necessary for scholastic and professional achievement. **Ninety-seven percent** of our high school seniors are projected to graduate this year with a plan for the future.

To enable all young people, especially those who need us most, to reach their full potential as productive caring and responsible citizens.  
As Wake County grows, so does the number of our neighbors struggling to make ends meet. More than **50,000** Wake County students rely on the Free and Reduced-Price Meals program. These kids have the least resources and the greatest obstacles to overcome. **With your help, we can guide more of these kids toward a happy, healthy, fulfilling life.**

# Rakeem

Rakeem struggled with reading comprehension and was repeating second grade. Club staff invited him into his Club's Academic Intervention Program, where he has made progress in leaps and bounds! Rakeem participates in Power Hour nearly every day, bringing his little brother with him, too. He has become an enthusiastic learner, waiting by the door until his turn. His most recent report card showed the results of his hard work: a 3.0 GPA!

**Thanks to donor-funded Boys & Girls Club programs like AIP, thousands of Wake County kids like Rakeem can develop the skills and self-confidence to succeed.**
